Best Code Combinations

Product Ad

/UGC

/REALCAM

Turn this product into a realistic creator-style ad.

Make it look like a real person shot it for TikTok or Instagram.

Viral Carousel

/CAROUSEL

/TEXTPRO

Create a 5-slide Instagram carousel about [TOPIC].

Use bold headlines, minimal copy, and clean readable text.

Luxury Product Image

/ADSHOT

/LUXE

Turn this product into a premium luxury ad campaign.

Use elegant lighting, clean composition, and expensive-looking visual direction.

Better Profile Photo

/REALCAM

/PROLOOK

Create a realistic professional profile photo.

Make it sharp, confident, and natural.

Interior Redesign

/ROOMFLIP

/PREMIUM

Redesign this room into a high-end interior.

Keep the same structure but upgrade the style, lighting, furniture, and decor.

Cleaner Poster

/POSTER

/TEXTPRO

Turn this idea into a cinematic poster with clean readable text.

How To Get Better Results

1. Be specific about the output

Bad:

/UGC

Make this better.

Better:

/UGC

Turn this skincare bottle into a realistic creator-style ad.

Show it on a bathroom counter with soft morning light and a natural iPhone photo

2. Tell it what to avoid

Avoid making it look overly polished, fake, glossy, or obviously AI-generated.

3. Give the model a format

Create this as a 5-slide Instagram carousel.

Each slide should have one headline and one simple visual.

4. Use reference images when possible

If you want a specific face, product, room, outfit, or style, upload a reference image.

Use the attached image as the main product reference.

Keep the label, shape, and colors consistent.

5. Ask for variations

Create 3 different versions:

1. clean and minimal

2. bold and colorful

Copy-Paste Starter Prompts

Selfie to style guide

/COLORSCAN

Turn this selfie into a personal color analysis board.

Show my season, best colors, colors to avoid, and outfit + makeup suggestions.

Make it aesthetic and easy to understand.

Product to UGC ad

/UGC
